You are responsible for material covered in lectures and laboratory which may not be in the textbook as well as the material covered in the textbook. In addition to the exercises in the textbook which you need to learn to work, you must also learn to work the problems on the PRACTICE TEST PROBLEM document posted online with the link given in your blackboard announcements and other problems which will be discussed in the lectures and/or in laboratory meetings.

**GRADES** 

COMPREHENSIVE FINAL EXAM = 30% MAJOR LECTURE QUIZZES = 30% SURPRISE LECTURE QUIZZES = 20% LAB QUIZZES = 20%

### FINAL EXAM DATE & LOCATION

FINAL EXAM\*\*Note that the FINAL EXAM MIGHT NOT be held in our usual lecture meeting room. I will announce the room assignments for the final exam during the last two weeks of the semester. The time and date for the final exam is in the course schedule BUT NOT the time and date for classes meeting MWF at the time your lecture normally meets. The time and date is the special time for all 1000 and 2000 level math courses. If you have more than one such course then you have a final exam conflict which we will resolve during the last month of class.

FINAL EXAM TIME & DATE: MONDAY 2 MAY 2016 FROM 8AM TO NOON.
